1. Bath and Body Works is requesting this variance for additional square footage and 100% window coverage for our gingham transom wall sign so it can meet our current national branding standards.
2. The ordinance does not allow for us to have our national branding standards in the transom glass above the entry doors. The square footage allowed does not allow for Bath & Body Works to brand as others around the Atlanta areas have been allowed. Some example stores in the near-by area are at Hiram Pavilion, Lawrenceville Marketplace, Fayette Pavilion and many more.
3. The variance request is due to make sure our branding standards are met by Bath & Body Works and not the actions of the applicant.
4. Approval of this variance will not give Bath & Body Works any special privilege other than keeping our branding standards dictated from LBrands corporate.
