HOW TO OBTAIN AN AWNING SIGN PERMIT

** ** KEEP FOR YOUR RECORDS ** **

Step 1. **Verify Business Location is in the Snellville Municipal City Limits.** Verify the physical business location is in the municipal city limits of Snellville. Four different Postal Zip Codes (30017, 30039, 30052, and 30078) serve the greater Snellville and South Gwinnett area; however, they may not necessarily be located within the City limits. To verify that your business location is within the municipal city limits of Snellville, please review the City of Snellville Street Listing on the City’s website ([www.snellville.org](http://www.snellville.org)) or call the Department of Planning & Development 770.985.3514 to have your location confirmed. If the location is not within the Snellville City limits, you will most likely need to contact Gwinnett County Planning & Development 678.518.6000.

Step 2. **Verify Zoning of Property.** Verify that the physical business location is properly zoned to allow the proposed use of the property. If the zoning for the business location does not permit the proposed use of the property, a Rezoning Amendment, Land Use Plan Amendment, or Conditional Use Permit would need to be applied for (by the property owner) and approved through a Public Hearing before the Mayor and Council. Please call the Department of Planning & Development 770.985.3514 to check the current Zoning District classification for the business location. You should review the Zoning Districts and permitted uses on the City’s website ([www.snellville.org](http://www.snellville.org)) to determine which Zoning District(s) would permit the use of the proposed business.

Step 3. **Review Sign Ordinance.** Review the Snellville Zoning Ordinance, Article 12, Signs ([www.snellville.org](http://www.snellville.org)) to ensure compliance with the city’s Sign Ordinance.

Step 4. **Obtain an Awning Sign Permit Application Form and information package.** These may be obtained by visiting the Department of Planning & Development, City of Snellville, City Hall, 2342 Oak Road, 2nd Floor, or by calling 770.985.3514, or printed from the City’s website ([www.snellville.org](http://www.snellville.org)).

Step 5. **Complete the Awning Sign Permit Application Form,** attach the required:
   a) **Awning Sign and Attachment Details;**
   b) **Illumination/Lighting and Electrical Details;**
   c) **Building/Storefront Elevation Details** (photograph of all building elevations containing signage. Show height and width dimensions and provide scale (i.e. 1 inch equals 10 feet);
   d) **Building Permit Application;** and
   e) **$15.00 Review Fee.**

Step 6. **Submit the Complete Application “Package”.** Typical office hours are 8:00 a.m. to 5:00 p.m. Monday through Friday, except holidays. The review and issuance of sign permits is a “Drop-Off Process” for the initial review. If a Building Permit is also required for the sign, structural and electrical drawings must be submitted, reviewed and approved by the Building Plan Review Unit prior to the issuance of the Building Permit. You may also submit your completed application and review fee remittance by U.S. Mail or Overnight Delivery. We do not accept faxed or emailed applications.

Step 7. **Application Review and Site Inspection.** Applicants will be notified within 15 business days following application submittal of permit approval or denial. Applications determined to be incomplete or that contain information that is determined to not be in conformance with the Snellville Zoning Ordinance, Article 12, Signs will be denied and will require a new and complete application re-submittal and $15.00 review fee. For any application denied, a written denial letter will be mailed, providing the reason(s) for denial.

Step 8. **Permit Pickup.** When contacted by Planning Department staff that the permit is ready for issuance, a return visit to Planning & Development Department is necessary. Remit the appropriate permit fees (cash, check, Visa, and MasterCard accepted).

Step 9. **Sign Order and Installation.** Upon receipt of a signed and approved Awning Sign Permit Application and Building Permit, sign order may be placed with sign contractor and installation of sign is authorized. Signs installed without a valid signed and approved permit will require immediate removal by the property owner or business owner and be subject to three times the permit fees upon permitting.
# AWNING SIGN PERMIT APPLICATION FORM

## Use of Awning Signs

Signage on awnings should be minimized and are only appropriate if there are no good alternatives for wall signs, projecting signs or hanging and suspended signs. Signage should be limited to the skirt of the awning and should not be on the awning face. Signs will only be considered for the awning face if there is no other adequate location for signage on a given storefront or property.

Awning colors will be permitted only if they are part of the official city color palette as shown below:

This document’s purpose is to provide general guidance in obtaining a Wall Sign Permit. The Department of Planning & Development is responsible for the review and issuance of all Sign Permits. Sign Permit processing is a “drop-off” process for the initial review. The following information is necessary to process each Awning Sign Permit application:

- **Multiple Signs.** No business shall be allowed an additional conforming sign until it has removed any existing non-conforming sign or signs. Provided, however, that on parcels with 3 or more businesses, at least 2 of which are party to a lease or leases, any business that does not own or control the non-conforming sign may submit an application to erect a wall sign.

- **Application Form.** Complete an Awning Sign Permit application form. The property owner or owner’s authorized agent must sign the application form or a separate letter must be provided from the property owner or agent authorizing the sign installation. Submit the completed application form to the Department of Planning and Development for review. Applications determined to be incomplete or that contain information that is not in conformance with the Snellville Zoning Ordinance, Article 12, Signs will be DENIED and will require a new and complete application re-submittal and $15.00 review fee.

- **Awning Sign Permit Review Fee.** The $15.00 review fee (non-refundable) must accompany the application form (upon the initial submittal and again upon any subsequent re-submittals).

- **Other Sign Permits.** The following signage type requires submittal of a separate sign permit application:
  - Wall Sign
  - Window & Door Sign
  - Canopy Sign
  - Monument/ground Sign
  - Electronic Message Board Sign

- **Awning Sign and Attachment Details.** Awning sign and attachment details must include: a) complete dimensions of all awnings and awning structures and showing total awning sign area in square feet; b) identify which building elevation the sign(s) is to be affixed. If the building has multiple elevations, provide a floor plan showing the elevations (example: front is elevation A; right side is elevation B; etc.); c) attachment details; and d) provide three (3) colored sets of awning sign detail plans.

- **Exterior Illumination/Lighting Details.** Show location of all light fixtures. Provide fixture type and wattage. If using a down light, fixture must be cut off or angled so that the light source cannot be seen from the traveling public.

- **Building Permit.** Submit three (3) complete sets of drawings which clearly indicate the structural and electrical construction requirements for each proposed sign and at a minimum contain the following information:
  - Drawings for each illuminated sign shall clearly indicate the electrical requirements including the size and location of the electrical disconnect, the type and size of wire, the conduit size and estimated load. Drawings shall also specify the name of a nationally recognized organization as applicable to the illuminated sign to be installed;
  - Electrical installations shall meet the requirements of the NFPA National Electrical Code and must be performed by a Georgia Licensed electrician;
  - The Georgia Licensed electrician (electrical subcontractor) must submit a completed Subcontractor Affidavit; provide a copy of their Business License; and provide a copy of their State of Georgia State Construction Industry Licensing Board Electrical Contractor License copy, to the Planning & Development Department prior to requesting an electrical inspection; and
  - Drawings for each sign structure shall clearly specify the required materials, sizes, and locations for all structural components. Complete details shall be provided that clearly indicates the required connections between all structural components including anchorage to the foundation. Details shall also indicate required attachments of sign cabinets to the supporting structure.
Inspection Requirements. Drawings for sign structures that have been stamped/approved by the Building Official shall be kept readily accessible at the job site at all times during construction; and
- The Georgia Licensed electrician (electrical subcontractor) must submit a completed Subcontractor Affadavit; provide a copy of their Business License; and provide a copy of their State of Georgia State Construction Industry Licensing Board Electrical Contractor License copy, to the Planning & Development Department prior to requesting an electrical inspection;
- Each sign, for which a building permit has been issued, requires and electrical and final inspection by the City building inspector. Upon successful completion of all inspections, a Certificate of Completion will be available for pickup the following business day.

Appeal/Administrative Review. Any person aggrieved or affected by the decision of the Director of Planning and Development relating to the application of the Zoning Ordinance, may appeal to the Zoning Board of Appeals for relief or reconsideration within thirty (30) days from the date of the adverse determination by the Director of Planning and Development and/or Code Enforcement Officer.

Expiration Date. A Sign Location Permit shall become null and void if the sign from which the permit was issued has not been completed within six (6) months after the date of issuance.
