Description of Stream Buffer Variance Requested: ____________________________________________________________

Variances will be considered only in the following cases:

a. When a property’s shape, topography or other physical conditions existing at the time of adoption of this Article prevents land development unless a buffer variances is granted; and

b. Unusual circumstances when strict adherence to the minimal buffer requirements in the ordinance would create an extreme hardship.

Variances will not be considered when, following adoption of this Article, actions of any property owner of a given property have created conditions of a hardship on that property.

-------------------------------------------------------------------------------------------------------------------------------------------
PUBLIC HEARING REQUIREMENT DETERMINATION. CHECK THE SITUATION THAT APPLIES:

☐ The project identified on page one involves the construction of one (1) single family home for residential use by the owner of the subject property on a parcel that was platted prior to the effective date of this ordinance (5/23/2005).

   [§26-505(b)(1)] The project involves the construction of one (1) single family home for residential use by the owner of the subject property on a parcel that was platted prior to the effective date of this Article (5/23/2005), and its shape, topography or other existing physical condition prevents land development consistent with this Article, and the Department of Planning and Development finds and determines that the requirements of this Article prohibit the otherwise lawful use of the property by the owner, the Board of Appeals may grant a variance from the buffer and setback requirements hereunder, provided such variance requires mitigation measures to offset the effects of any proposed land development on the parcel.

☐ The project identified on page one does not involve construction of one (1) single family home for residential use by the owner of the subject property on a parcel that was platted prior to the effective date of this ordinance.

   [§26-505(b)(2)] Except as provided above, the Board of Appeals shall grant no variance from any provision of this Article without first conducting a public hearing on the application for variance and authorizing the granting of the variance by an affirmative vote of the Board of Appeals. The City of Snellville shall give public notice of each such public hearing in a newspaper of general circulation within the City. The City shall require that the applicant post a sign giving notice of the proposed variance and the public hearing at least 15-days prior to the date of the hearing. The sign shall be of a size and posted in such a location on the property as to be clearly visible from the primary adjacent road right-of-way.

A VARIANCE from the terms of the Snellville Zoning Ordinance shall not be granted by the Board of Appeals unless and until:

1) Please state any special conditions and circumstances of the site, its shape or topography that apply to the property covered by this application which do not apply to other properties in the same zoning district. __________________________________________

   __________________________________________

2) In what way do these circumstances deprive the property covered by this application of privileges which are possessed by other properties in the same zoning district, thereby creating an unnecessary hardship? __________________________________________
3) Does granting the variance request give the applicant any special privilege that is denied by this Ordinance to other lands, structures, or buildings in the same district? YES NO If no, why not? ______________________________________

____________________________________________________________________________________________________________

Please Note: Non-conforming uses of adjacent properties cannot be considered as grounds to justify a variance. Peculiar conditions or circumstances which are the result of actions of the owner of property covered by this application cannot be considered as grounds justifying a variance. A "use variance", i.e. a variance for the purpose of using land or a structure, or combination thereof for a purpose prohibited by the present zoning classification of the property covered by this application will not be granted.

REQUIRED ATTACHMENTS:

☐ a) Existing Conditions Site Survey that includes locations of all streams, wetlands, floodplain boundaries and other natural features, as determined by field survey prepared within the past 6-months from the date of variance application; [§26-505(b)(3)(a)]

☐ b) Description of the shape, size, topography, slope, soils, vegetation and other physical characteristics of the property; [§26-505(b)(3)(b)]

☐ c) Detailed Site and Concept Plan that shows the locations of all existing and proposed structures and other impervious cover, the limits of all existing and proposed land disturbance, both inside and outside the buffer and setback. The exact area of the buffer to be affected shall be accurately and clearly indicated; [§26-505(b)(3)(c)]

☐ d) Documentation of unusual hardship should the buffer be maintained; [§26-505(b)(3)(d)]

☐ e) At least one alternative Site and Concept Plan, which does not include a buffer or setback intrusion, or an explanation of why such a site plan is not possible; [§26-505(b)(3)(e)]

☐ f) Calculation of the total area and length of the proposed intrusion (include on detailed Site and Concept Plan and on alternative Site and Concept Plan); [§26-505(b)(3)(f)]

☐ g) A stormwater management site plan, if applicable; and [§26-505(b)(3)(g)]

☐ h) Proposed mitigation, if any, for the intrusion. If no mitigation is proposed, the request must include an explanation of why none is being proposed [§26-505(b)(3)(h)]

ADMINISTRATIVE APPEAL AND JUDICIAL REVIEW: Any person aggrieved by a decision or order of the Department of Planning and Development may appeal in writing within 30-days after issuance of such decision or order to the City and Shall be entitled to a hearing before the Board of Appeals, as prescribed in Article XIV of the Snellville Zoning Ordinance. Any person aggrieved by a decision or order of the City, after exhausting all administrative remedies, shall have the right to appeal to the courts as provided by law.
