

## ADDENDUM NO. 2

### OPERATION OF COMMERCIAL AND RESIDENTIAL SOLID WASTE AND RECYCLING SERVICES WITHIN THE CITY LIMITS OF SNELLVILLE, GEORGIA PW260206

January 28, 2026

This Addendum forms a part of the Invitation to Bid (ITB) Documents and modifies the original Document Package as noted below. This Addendum includes clarifications and/or modifications to the ITB Documents. The addendum consists of Exhibit A – Revised Invitation to Bid (ITB), Exhibit B – Tonnage Report, and Exhibit C – Residential and Commercial Listings for a total of one hundred and twenty-seven (127) pages.

#### Corrections/Clarifications are as follows:

1. Can you please confirm the new service start date for RFP: Commercial and Residential Solid Waste and Recycling Services? From the RFP, it looks like July 1st, but wanted to make sure.  
*In the bid form, page 2, section 1.7 of the contract - the bid form lists the effective date as July 1, 2026.*
2. 15. Insurance - Please clarify your insurance requirements. In addition, the ITB does not specify what lines of coverage the Excess Umbrella should cover/address. Can you confirm what policies the City is requiring the Excess umbrella to cover?

Is the City of Snellville considering eliminating or reducing the Excess Umbrella requirement?

Is a Sub-contractor required to have the same insurance coverage and limits as a Prime Bidder?

*The excess liability insurance applies to all lines of coverage that exceed the base liability policy limits. The City is not considering the elimination of the excess umbrella coverage. The Prime Bidder is responsible for ensuring all parties performing work under their bid. The form of that coverage could be provided by the Prime Bidder with all subcontractors named as additional insureds or the Prime Bidder can require each subcontractor to have a separate set of policies, but all policies must have the coverage limits shown in the bid documents.*

3. 6.1 How often will question be answered and relayed to bidders?  
*The deadline for questions will be Monday, February 2, 2026. All questions submitted after the issuance of Addendum 2 will be answered no later than Wednesday, February 11, 2026.*
4. 9.1 Will a sealed box for RFP responses be ok?  
*Yes*
5. Contract Agreement - PG.8 - 7.1 - Change Extra dumpster pickups from per to yard to per can. Can this change be made?  
*Yes, the changes were made in section 7.1. See revised ITB dated 1/28/26 which is attached to this addendum.*
6. Bid Document Section 9 – City Services - Special Services - Will the city add to per ton rate as part of the price?  
*No, the verbiage has been revised to reflect a delivery and pick up fee that can be charged to the City. See revised ITB dated 1/28/26 which is attached to this addendum.*
7. Bid Document - Appendix A -Yard debris - Is there going to be a limit of yard Waste bags established?  
*Yes, the limit will be set at three (3) yard waste bags per household, per pick up. See revised ITB dated 1/28/26 which is attached to this addendum.*
8. Will the City please define payment terms?  
*Section 28 – Payments Terms has been added to the contract. See revised ITB dated 1/28/26 which is attached to this addendum.*
9. Residential Move ins and outs. Is there going to be a limit of bags and items established?  
*Yes, section 4.2 under residential service has been updated to a limit of five (5) 55-gallon bags and 2 bulk items. See revised ITB dated 1/28/26 which is attached to this addendum.*
10. Section 4.1 (Invitation to Bid) suggests that the city could select more than one vendor. Since pricing would be more competitive if all services are awarded and individual services (if selected) are less competitive, how do bidders illustrate those differences?  
*Section 4.1 in the Invitation to Bid has been revised to reflect that a Bidders shall submit one bid for both for residential waste and commercial waste.*
11. Are roll off open tops or C&D part of this franchise?  
*Yes, roll offs only for the recycling center and City sponsored special events. C&D will not be part of the franchise agreement.*
12. Section 9.4.10 Could the city please narrow this down to litigation regarding municipal services?  
*No*
13. Section 4.2 of the contract agreement describes collection of "typical" move in move out volumes. Please clarify that "evictions" are not included? (evictions most often come with higher volumes than a typical move).

*See item #9 for move in move out, evictions are not included.*

14. Section 5.2 of the contract agreement describes direct billing to businesses for commercial hand pick up, while all other commercial is billed thru the city. Please clarify if this is correct.

*Please see updated section 5.2 of the contract in the revised ITB dated 1/28/26 which is attached to this addendum.*

15. Section 6.5 of the contract agreement asks for an amount for an annual OCC rebate. Since OCC values vary so much, how do bidders present those changes in this rate?

*The rebate is being removed from the contract. Please see the revised section in the ITB dated 1/28/26 which is attached to this addendum.*

16. Section 19 of the contract agreement refers to a LEEDS certification requirement. Typically, this is related to a specific construction site and seems out of place for this RFP. Is C&D part of this franchise? If not, why is this language here and what is needed for the bid submittal to satisfy this provision? Please consider removing this clause.

*The LEED certification has been removed from Section 19. C&D is not part of this franchise agreement.*

17. Must the current routes/day be the same for any new vendor? Please provide the current commercial & residential routes by address and day.

*Yes, both routes should remain the same. The residential list by Street is attached. We do not have a Commercial list by street so we have included 2 lists, one that is alphabetical by customer and has the pickup date and a second list that has those customers and addresses.*

18. Appendix "A" regarding yard waste. Please define the volume limit per week so we can properly price it. Perhaps a fixed number of bags and/or a stated volume like 2 cubic yards.

*Appendix "A" has been updated. Refer to item #7.*

19. Please consider extending the due date by 1-2 weeks to allow time for bidders to do the best due diligence in determining rates.

*Please see item #42 for the new bid due date*

20. Does the Franchise Fee apply to both residential and commercial rates?

*No, just the commercial.*

21. Can the due date be extended one week to ensure we are able to provide a responsive bid?

*Please see item #42 for the new bid due date.*

22. Please provide annual tonnage for each waste and recycling stream from residential and commercial collection as well as the recycling center annual tonnage.

*See attached tonnage report.*

23. How many residential customers currently require backdoor service? (Curb exempt)

*There are approximately 147 curb exempt customers.*

24. Please provide a list of the address and service day for residential service.  
*See item #17.*

25. Please provide a list of the commercial addresses, equipment, service day and service frequency.  
*See lists from #17 for the information.*

26. Permits, Licenses, and Taxes - Based on my understanding, Leadership in Energy and Environmental Design (LEED) is a green building rating system administered by the US Green Building Council. Its primary functions are to mitigate climate change & reduce greenhouse emissions in the construction industry. Is the City of Snellville willing to waive the LEEDS certification requirement for residential service provider? Curbside collection of residential household trash and recycling commodities have no correlation with the green commercial building coalition.  
*See item #16.*

27. Billing & Records Information - Is the City of Snellville requesting each residential monthly invoice be accompanied by a list of customer names, addresses, types of service, for all 7600 residential homes billed? I did not see any payment terms identified in this section. Please specify when vendor shall expect to receive payment once the invoice has been submitted.  
*See items #8 for payment terms. Lists must be supplied annually on June 30<sup>th</sup> otherwise it will be as requested.*

28. Submission of Bids - The Instruction to Bidders 9.4.5 states each bidder should submit “Any current local government refuse contracts” Is the city seeking a list of currently held local government contracts with contact information (or) a copy of each said contract?  
*Please submit a list of Municipal Contracts and a contact person for each one. The contracts should be made available if requested.*

29. Section 9.5 (Instruction to Bidders) states “if more than one bid for the same contract,... under the same name, is submitted—NONE of the bids will be considered....and will cause the rejection of all such bids in which the Bidder is interested” Per discussions in the Pre-Bid meeting, 15 January 2026, wording was clarified that the same company may be considered a sub-contractor under a Prime Bidder and submit its own individual bid as a Prime bidder for one or more of the contracted services solicited in the ITB# PW-260206. Is that the correct interpretation of the discussion from yesterday’s meeting?  
*The City will not be dividing the Commercial and Residential service bids. Bidders shall submit one bid for both for residential waste and commercial waste. Bidder must define any subcontractors or suppliers’ roles and duties.*

30. Security for Performance - City of Snellville is requiring a 3 million performance bond as security for faithful performance. Please note City is not issuing any taxpayer funds to Company before completion of services. Company bills in arrears, payments received up to 30 days past billing periods. Therefore, unlike construction projects, no cash draws received prior to 100% completion of services. This arrears payment protocol reflects no risk to City or loss of funds. Would City of Snellville consider waiving this Performance

Bond Requirement? In addition, is this 3-million-dollar Bond coverage considered term/draw down insurance for the first three-year period of the contracted term?---Meaning one 3-million-dollar premium covering 2026 thru 1 July 2029.

*The City will not waive the Performance Bond and it should be for the life of the contract. (First three (3) years of the contract and longer if the contract is extended.)*

(OR)

Is this 3-million-dollar limit of insurance coverage to be designated for a single year of coverage? The Company would be required to obtain a 3-million-dollar performance bond annually?

*NO*

(AND)

In the event a Prime Bidder has a subcontractor, is the 3 Million Dollar Performance Bond for both Commercial and Residential coverage and thereby, can be halved between the two companies? Likewise, if a Company is only bidding one service, can the 3 million dollar Performance Bond cover only the expected income generated by the winning bid price for a single service?

*Performance is linked to the cost to perform the service should the hauler default. Each contract holder is required to obtain a \$3 million-dollar performance bond.*

31. 4.3 (Bid Document) Recycling Subscription Service—Upon review, I do not see a line item price request for weekly recycling. Nor is it listed in Appendix C. Who determines the price for yearly/weekly recycling, the Contractor or the City? Will the City of Snellville continue to pass the cost onto the individual resident through billing?

*The City will determine the price for residents and conduct billing for the service. See updated section 4.3 in the revised ITB dated 1/28/26 which is attached to this addendum.*

32. 4.5 Lawn & Leaf Bag collection—yard trash definitions and bag placement requirements are clear. However, no specific number or limit has been assigned for weekly collection of yard trash. Is it the City’s expectation to collect an unlimited number each week? If not, what number of bags shall be expected?

*See item #7.*

33. Residential Service - 4.2 (Bid Document) states “ Company will collect from residents typical move in/move out volumes....Typical move in/move out waste will consist of packing and unpacking boxes, household waste, and bulky items.” Please clarify the City’s expectations. We are seeking number limit of household bags of trash and bulk items be given and advertised to residents. Is the City expecting residential provider to accommodate evictions? If so, will the company be permitted to bill for such service? If so, who will pay for such collection?

*See item #9.*

34. Is the City of Snellville blue bag program expected to continue or eliminated post award? I did not see any reference to Snellville blue bags program for excess trash and bulk item collection within the ITB. However, it remains referenced in the City of Snellville’s Solid Waste Management ordinances included with the Bid documents. Furthermore, if the blue bag program is to remain in effect, will blue bags be used only for overflow trash or bulk

item collection, or BOTH? If it is expected to be eliminated or allowed to expire, what is the deadline date?

*The blue bag program is being eliminated post award and is not part of this contract.*

35. Current wording of proposed contract reads “ The Company shall supply replacement containers at no additional cost” Current Snellville City ordinance ( Sec 46-6) states the person (owner) shall be held liable for repair/replacement of trash can damage apart from the normal wear and tear resulting from weekly collection. Loss or theft is not addressed. With the recent explosion of Real Estate Investment companies purchasing homes within the city limits, will the city require these for-profit companies to replace lost/stolen trash cans due to the disappearance of company owned trash can? Will the company be permitted to forward the cost for replacement containers via invoice holding these businesses accountable for their tenants?

*There shall be no cost forwarded to City or customers for replacement containers.*

36. The advertised deadline date to ask questions is 30 January 2026. I do not see a date when all questions are scheduled to be answered. Should we receive answers during the bid due date week, if leaves little time to adjust any proposed bid price based on the answers received. Will Snellville consider an extension of the due date to accommodate bidders once answers are received?

*See item #42.*

37. Contract Agreement, Page 6, Section 5.4, Inflation Adjustment: Using an inadequate CPI index like the All Urban Consumers (CPI-U) will result in higher initial rates. To provide for the lowest possible initial rates, will the City accept an alternate U.S. Bureau of Labor Statistics index that more adequately reflects solid waste industry trends, such as the CPI-Water, Sewer, & Trash index (“CPI-WST”) or the CPI-Garbage & Trash index (“CPI-G&T”)?

*This can be discussed as part of the award of the contract.*

38. Contract Agreement, Page 6, Section 5.4, Inflation Adjustment (Bid Document): This provision states that a rate adjustment shall be based on the preceding calendar year and that Mayor and Council will review a rate adjustment during a Council meeting. There is not a month specified for the year-over-year index. Will the City accept the March-over-March index, which is released in April, in order to provide sufficient time for the rate adjustment to be scheduled on a Council agenda for July 1 implementation?

*Yes, the City will accept the March over March index.*

39. Contract Agreement, Page 7, Section 6.5, Commercial Services : This provision states that Company shall provide a rebate for the collection and processing of OCC/cardboard. Global changes throughout the past several years have resulted in processing costs typically outpacing the value of OCC, eliminating any rebate. Given this, will the City eliminate this provision requiring a rebate, as this would simply be an additional cost passed on to the customer?

*See item #15.*

40. Contract Agreement, Appendix C, Recycling Collection Guidelines: Will the City please add language to this section that keeps the material list flexible as recycling markets change?

*Yes, item #8 has been added to Appendix C. See revised ITB dated 1/28/26 which is attached to this addendum.*

41. Contract Agreement, Page 13, Section 18.3, Communications to Public: Rather than the added expense of two mailings per year, will the City adjust this to one mailing per year and allow additional communications through modern capabilities, including digital tools, online account access and collection information, and real-time communication channels?

*No, we are keeping the two mailings.*

42. *Bids will be received until 2:00 p.m. local time on Friday, February 20, 2026, at the Snellville City Hall Reception Desk, First Floor, 2342 Oak Road, Snellville, Georgia 30078. The new deadline for receipt of questions is Monday, February 2, 2026. See revised ITB dated 1/28/26 which is attached to this addendum.*
