- (b) The restrictions and obligations contained in this section shall apply to short-term rentals at all times during which such units are marketed and used as short term rentals.
- (c) The allowance of short-term rentals pursuant to this section shall not prevent enforcement of additional restrictions that may be contained in restrictive covenants or other private contractual agreements or arrangements.

- (d) It shall be unlawful for any owner of any property within the City of Snellville, Georgia, to rent or operate a short-term rental of residential property contrary to the procedures and regulations established in this section, other provisions of the Code of Ordinances of the City of Snellville, Georgia, or any applicable state law.

Sec. 22-113. Short-term rental business license requirements

- (a) Pursuant to Chapter 54, Article V (Occupation Taxes) of the Code of Ordinances of the City of Snellville, Georgia, a separate business license shall be required for each short-term rental unit (except where an owner owns multiple short-term rentals in a residential community or multiple residential communities and applies for a business license for a single business license for such short-term rental units). The licensing requirements of this section are in addition to any hotel/motel tax registration or any other permit or licensing requirements. However, at the discretion of the Director of Planning & Development, the processing of such license required under this section may be combined with the processing of hotel/motel tax registration or any other related permit or license process administered by the City. - (a) All business licenses issued pursuant to this chapter are subject to the following standard conditions:
 1. The owner shall, by written agreement with the occupants, limit overnight occupancy of the short-term rental to the specific number of occupants designated in the business license application, with the number of overnight occupants not to exceed two persons per bedroom meeting building code and life-safety code requirements, plus two additional persons per residence. A bedroom is a room that is designed to be, or meets the building code requirements to be, used as a sleeping room and for no other primary purpose. Every bedroom shall have an emergency escape or rescue exit and a minimum ceiling height as follows:
 - (a.) Each bedroom shall have at least one operable window or door for emergency escape or rescue that opens directly to the exterior of the unit. The emergency door or window shall be operable from the inside to provide a full, clear opening without the use of separate tools. Escape or rescue windows shall have a minimum net clear openable area of 5.7 square feet. The minimum net clear openable height dimension shall be 24 inches. The minimum net clear openable width dimension shall be 20 inches. When windows are provided as a means of escape or rescue, they shall have a finished sill height not more than 44 inches above the floor;
 - (b). Bedrooms shall have a ceiling height of not less than eight feet, except as provided in this section. If any room has a sloping ceiling, the prescribed ceiling height for the room is required in only one-half of the area thereof;
 2. The owner shall, by written agreement with the occupants, limit the number of vehicles of overnight occupants to the number designated in the business license application; with the number of vehicles of overnight occupants not to exceed the number of designated on-site parking spaces of the short term rental property;
 3. The owner shall use best efforts to ensure that the occupants and/or guests of the short-term rental do not violate Noise Regulations by notifying the occupants of the rules regarding short term rentals and responding when notified that occupants are violating laws regarding their occupancy. It is not intended that the owner or local contact person, act as a peace officer or place himself or herself in harm's way;
 4. The owner shall, by written agreement, limit the daytime visitors at any time in a vacation home rental to no more than six (6) persons in addition to the maximum overnight occupancy designated in the business license application;

5. The owner of the short-term rental shall post a copy of the business license and a copy of the conditions set forth in this section in a conspicuous place within the short-term rental;
6. No business license issued under this section shall be transferred or assigned or used by any person other than the owner to whom it is issued, or at any location other than the one for which it is issued; and
7. All business licenses issued under this section shall be valid for no more than one year, beginning on the date of issuance and expiring on December 31st of that year.
8. *Sign and notification requirements.* Each short-term rental shall have a clearly visible and legible notice conspicuously posted within the unit on or adjacent to the front door, containing the following information:
 - a. The name of the local contact person or owner of the unit, and a telephone number at which that party may be reached on a 24-hour basis;
 - b. The maximum number of overnight occupants permitted to stay in the unit;
 - c. The maximum number of vehicles allowed to be parked on the property including a sketch of the location of the on-site parking spaces;
 - d. The maximum number of daytime visitors allowed in addition to the overnight occupants;
 - e. The trash pickup day and notification that trash and refuse shall not be left or stored on the exterior of the property unless it is placed in a curbside container, and that the curbside container shall not be placed sooner than 24 hours prior to the pickup day, and must be removed no later than 24 hours after pickup (if owner provides daily trash removal then this notice is not necessary);
 - f. Notification that an occupant may be cited and fined for creating a disturbance or for violating this section or other provisions of the Code of Ordinances.
 - g. Notification that failure to conform to the parking and occupancy requirements of the structure is a violation of this section; and
 - h. A statement advising the occupant that any failure to conform to the Noise Regulations is a violation of this section.
9. *Parking.* Short-term rentals shall comply with all applicable ordinances regarding parking. Owner shall provide sufficient parking for guests such that all parking is accomplished on paved parking spaces within the property site. No parking to accommodate renters or invitees of short-term rentals is permitted on the City right-of-way or along any roadways at any time.

10. Local contact person.

- a. Each owner of a short-term rental shall designate a local contact person who has access and authority to assume management of the unit and take remedial measures. An owner of a short-term rental who resides in the City Limits of Snellville or within 50 miles of the short-term rental may designate himself or herself as the local contact person. The local contact person shall be required to respond to the location of the short term rental within one hour after being notified by the Police or Code Enforcement of the existence

of a violation of this chapter or any other provision of this Code, or any disturbance requiring immediate remedy or abatement.

- b. The owner must immediately notify the Director of Planning & Development in writing upon a change of local contact person or the local contact person's telephone number. This notification will be on forms prescribed by the Director of Planning & Development. The new, revised business license will not extend the expiration date of the business license, and will be issued for a fee of \$25.00, and must be posted within ten (10) days of any change of local contact person information.

11. *Hotel/Motel Tax.* All short-term rentals shall be subject to Sec 54-271 et. seq. of the Snellville Municipal Code.

12. *Other requirements.* All short-term rentals shall comply with the following:

- a. An interconnected and hard-wired smoke detection and notification system is required and must be operable and in good working order at all times.
- b. Owner must install and maintain security cameras that provide video coverage and recording of the driveway and all entry points for the short-term rental property.
- c. Any advertising of the short-term rental unit shall conform to information included in the short-term rental business license and requirements of this section, and shall include notification of the maximum occupancy, maximum number of vehicles allowed, and provisions regulating noise.
- d. Compliance with these standards shall be in addition to compliance with all other provisions of this Code relating to nuisance, peace and safety.
- e. In addition to any requirements of this Section, any structure being operated as a short-term rental, with a capacity for more than ten (10) overnight guests at a time shall be required to meet all local, state and federal access and life safety codes, rules and regulations that are otherwise applicable to hotels as defined in such codes, rules and regulations. In the event there is a conflict between the requirements of this Section and such other codes rules or regulations, the requirement that is more protective of the public health, safety and welfare shall prevail.

Sec. 22-115 *Violation and penalties.*

(a). The requirements of this Article shall become effective upon adoption. Violations shall be managed on each individual short-term rental, and any resulting penalties shall only be assessed against such short-term rental. The following conduct shall constitute a violation for which the penalties specified in this section may be imposed, or the business license suspended or revoked:

1. The owner has violated any of the provisions of this chapter; or
2. The owner has failed to collect and remit to the City the hotel/motel occupancy tax as required by Article VIII of City Code.

(b.) The penalties for violations of this Article shall be as follows:

1. For the first violation within any 12-month period, the penalty shall be a warning notice of violation;
 2. For a second violation within any 12-month period, the penalty shall be a fine not to exceed \$500.00;
 3. For a third violation within any 12-month period, the penalty shall be a fine not to exceed \$1,000.00 and/or suspension of the business license (or suspension of the violating short-term rental from the applicable business license) for a period not to exceed six months; if the period of suspension runs beyond December 31st, the owner shall not be eligible to apply for renewal of the business license (or reinstatement of the violating short-term rental under the business license) until expiration of the full suspension period; and
 4. For a fourth violation within any 12-month period, the business license may be revoked (or removal of the violating short-term rental from the applicable business license) in accordance with the provisions below. An owner shall not be eligible to reapply for a business license (or reinstatement of the violating short-term rental under the business license) for a period of 12 months from the date of revocation.
- (c.) A short-term rental that is determined to be operating without the necessary business license required under this section shall subject the owner to a penalty of \$1,000.00. Each day the unit is marketed or rented for overnight accommodation shall constitute a separate violation.
- (d.) *Procedure for imposition of penalties/suspension/revocation.* Penalties, including a notice of violation, shall be imposed, and business licenses shall be revoked (or suspension or removal of a short-term rental from the applicable business license), only in the manner provided in this subsection.
- I. Initial violations shall result in a notice of violation being directed to the owner and the person designated in the business license application as the local contact person if other than the owner. The local contact person shall be responsible for contacting the occupant to correct the problem within sixty (60) minutes. This local contact person is required to visit the property to confirm compliance with this chapter, unless compliance can reasonably be confirmed without visiting the property.
 2. If non-compliance with provisions of this section reoccur, the Director of Planning & Development or their designee shall conduct an investigation whenever there is reason to believe that an owner has failed to comply with the provisions of this section. The investigation may include an inspection of the premises, review of law enforcement/security reports, online searches, citations, or neighbor documentation consisting of photos, sound recordings and video all of which may constitute evidence of a violation. Should the investigation support a finding that a violation occurred, the Director of Planning & Development or designee shall issue written notice of the violation and intention to impose a penalty and/or suspend or revoke the business license (or suspend or remove a short-term rental from the applicable business license). The written notice may be served either by first class mail, by commercial overnight delivery, by personal service on the owner, or by any other reasonable means of delivery, including email, and shall specify the facts which, in the opinion of the Director of Planning & Development, constitute grounds for imposition of the penalties and/or suspension or revocation, and specify that the penalties will be imposed and/or that the business license

will be suspended or revoked (or suspension or removal of a short-term rental from the applicable business license) fifteen (15) calendar days from the date of the notice unless the owner files with the Director of Planning & Development a request for an appeal hearing before the Mayor and City Council. In considering such appeal, the Mayor and City Council shall determine whether the Director of Planning & Development has erred in his/her interpretation and/or enforcement of this section.

3. Except as otherwise provided in this section, violation of this section will be enforced in accordance with the Code of the City of Snellville, Georgia and the Zoning Ordinance of the City of Snellville, Georgia.
- (e.) *Business license and fees not exclusive.* The business license and fees required by this section shall be in addition to any license, permit or fee required under any other provision of this Code, or other local or state law. The issuance of any business license pursuant to this section shall not relieve the owner of the obligation to comply with all other provisions of this Code pertaining to the use and occupancy of the short-term rental or the property on which it is located.
- (f.) *Penalty.* In addition to the penalties described above, any person violating the provisions of this section by operating a short-term rental without a valid business license may be prosecuted according to the general penalties described in this Section.
- (g.) *Enforcement.* The Director of Planning and Zoning or their designee is hereby authorized and directed to establish such procedures as may from time to time be required to carry out the purpose and intent of this section. City of Snellville Code Enforcement Officers, as well as the Snellville Police Department shall also have authority to enforce this section.
- (h.) *Violations by occupants of short-term rentals.* Any violation of the provisions of this section shall be enforced pursuant to this section and any other applicable Code sections. Enforcement actions may be brought against occupants of a short-term rental for violations of this section and any other provision of this Code notwithstanding that this section may also make the owner of the short-term rental responsible for the conduct constituting the violation.
