My signature hereon signifies that I am the person responsible for compliance with the Soil Erosion & Sediment Control Ordinance. I acknowledge that City inspection staff may: refuse to make inspections, issue Stop Work Orders, and issue summons to appear in Recorder's Court for violations of erosion control requirements; and that I must use Best Management Practices (BMP's) to control soil erosion on my job site which includes at a minimum all of the following:

- Installation and regular maintenance of silt barriers (i.e. silt fences, hay bales, etc.) in those areas where water exits the job site;
- Installation and regular maintenance of a stone driveway entrance/exit pad to minimize the tracking of mud into the street;
- Removal of mud from the street or adjacent property immediately following any such occurrence;
- Maintenance and removal of mud from detention ponds and sediment basins.
- Conduct no land disturbing activities within 25 feet of the banks of any streams, lakes, wetlands, etc. (i.e. "state waters")
- Institute erosion control measures and practices as indicated on the approved Soil and Sediment Control Plan. Provide temporary vegetation and /or mulch in exposed critical areas.
