HOW TO OBTAIN A MENU BOARD & PRE-MENU BOARD SIGN PERMIT

*** KEEP FOR YOUR RECORDS ***

- Step 1. Verify Business Location is in the Snellville Municipal City Limits.** Verify the physical business location is in the municipal city limits of Snellville. Four different Postal Zip Codes (30017, 30039, 30052, and 30078) serve the greater Snellville and South Gwinnett area; however, they may not necessarily be located within the City limits. To verify that your business location is within the municipal city limits of Snellville, please review the City of Snellville Street Listing on the City's website (www.snellville.org) or call the Department of Planning & Development 770.985.3514 to have your location confirmed. If the location is not within the Snellville City limits, you will most likely need to contact Gwinnett County Planning & Development 678. 518.6000.
- Step 2. Verify Zoning of Property.** Verify that the physical business location is properly zoned to allow the proposed use of the property. If the zoning for the business location does not permit the proposed use of the property, a Rezoning Amendment, Land Use Plan Amendment, or Conditional Use Permit would need to be applied for (by the property owner) and approved through a Public Hearing before the Mayor and Council. Please call the Department of Planning & Development 770.985.3514 to check the current Zoning District classification for the business location. You should review the Zoning Districts and permitted uses on the City's website (www.snellville.org) to determine which Zoning District(s) would permit the use of the proposed business.
- Step 3. Review Sign Ordinance.** Review the Snellville Sign regulations, Sec. 207-6 of Article 7 of Chapter 200 of the UDO (www.snellville.org) to ensure compliance with the City's Ordinance.
- Step 4. Obtain a Menu Board & Pre-Menu Board Sign Permit Application Form and information package.** These may be obtained by visiting the Department of Planning & Development, City of Snellville, City Hall, 2342 Oak Road, 2nd Floor, or by calling 770.985.3514, or printed from the City's website (www.snellville.org).
- Step 5. Review the General Information Guidance Document (Page 7).** For general information and list of required sign, construction, and electrical details.
- Step 6. Complete the Menu Board & Pre-Menu Board Sign Permit Application Form,** attach the required:
- Menu Board & Pre-Menu Board Sign Details** (see General Information below);
 - Illumination/Lighting Details** (see General Information below);
 - Menu Board & Pre-Menu Board Sign Site Location Plan** (with the sign location indicated and all road frontage(s), setbacks from R/W, and setbacks from top of curb or edge of pavement);
 - Photographs of all Existing Signage** (for the business, or property if a standalone business);
 - Building Permit Application** (if applicable); and
 - \$15.00 Review Fee.**
- Step 7. Submit the Complete Application "Package".** Typical office hours are 8:00 a.m. to 5:00 p.m. Monday through Friday, except holidays. The review and issuance of sign permits is a "**Drop-Off Process**" for the initial review. If a Building Permit is also required for the sign, structural and electrical drawings must be submitted, reviewed and approved by the Building Plan Review Unit prior to the issuance of the Building Permit. You may also submit your completed application and review fee remittance by U.S. Mail or Overnight Delivery. **We do not accept faxed or emailed applications.**
- Step 8. Application Review and Site Inspection.** Applicants will be notified within **15 business days** following application submittal of permit approval or denial. Applications determined to be incomplete or that contain information that is determined to not be in conformance with Sec. 207-6 (Signs) of Article 7 of Chapter 200 of the UDO. Signs will be denied and will require a new and complete application re-submittal and \$15.00 review fee. For any application denied, a written denial letter will be mailed, providing the reason(s) for denial.
- Step 9. Permit Pickup.** When contacted by Planning Department staff that the permit is ready for issuance, a return visit to Planning & Development Department is necessary. Remit the appropriate permit fees (cash, check, Visa, and MasterCard accepted).
- Step 10. Sign Order and Installation.** Upon receipt of a signed and approved Menu Board & Pre-Menu Board Sign Permit Application/Sign Location Plan (and Building Permit, if required), sign order may be placed with sign contractor and installation of sign is authorized. Signs installed without a valid signed and approved permit will require immediate removal by the property owner or business owner and be subject to three times the permit fees upon permitting

Inspections & Certificate of Completion. If a Building Permit is required, electrical underground (if required), footing, electrical final and sign final inspections must be scheduled, successfully passed and a Certificate of Completion issued prior to use of the sign. Electrical contractors must submit their Subcontractor Affidavit form to Planning & Development at least 2-days prior to requesting electrical inspections. Inspections are requested by calling 770.985.3513.
